Web-Alert Check	3
-----------------------	---

Web-Alert Check

In the menue *CRM+Tasks > Web+Alerts Web-Alerts Check* you can start a Google queary concerning the web alerts manually.

After clicking the button *Listing alerts* you will get a form:

Choose the desired alerts with checkmarks and click on the button *Write*.

Yet you have another question leave it on this site for the metamagix-support-team.
