Web Alerts ..... 3

## Web Alerts

The screenshot shows a web application window titled "Web Alert". At the top, there are icons for "Export Excel", a printer, and a refresh button. Below these is a search bar with the placeholder text "Search for name" and a red "Search" button. The main area contains a table with the following headers: "Name", "Alarm", "Datum", and "Author". The table is currently empty. At the bottom of the table area, there is a pagination control showing "25" items per page, "Page 1 of 1", and a "No items" message. Below the table area are two buttons: "Save" and "Back".
