With the button: New Company List you get a form to import a company-list from external resources.

Bild: Gesellschaften importieren

Here you see cthe coloumn-titles you will need for the import.

1. A small description in the text-field companies-Excel-Upload for the matter of your recognition.
2. Fill in the path to the import-file.
3. If necessary take the decision if an new company from the Excel-table will be created. Existing companies will be overwritten.
4. Click on save and importing can be started.

Yet you have another Question leave it on this Site for the metamagix-Support-Team.
